## **IMPORTANT UPDATE**

## **Expired Teslin Visa**

On October 1, 2003, the Department of State announced the Teslin visa foil was no longer authorized and the Lincoln visa would be the sole visa foil used. Since the Teslin visas were valid for a maximum of ten years, the last issued Teslin visa foil would have expired on September 30, 2013.

If a Teslin visa foil is encountered after October 1, 2013, Customs & Border Protection is recommending to contact the Regional Carrier Liaison Group for document authenticity.

Questions or requests for additional information may be directed to the CBP's Carrier Liaison Program at CLP@dhs.gov.
